

PADI TOUCH PRODUCTS

HOW TO BUY & SELL

To make it easier for you to promote, sell and use the PADI Touch Products, these easy steps will take you through everything you need:

1. Order the PADI Touch Products from the PADI eShop, your Sales Representative at PADI Europe, Middle East and Africa or by contacting sales.emea@padi.com

2. Once the order has been released you will receive the ordered amount of PADI Touch Products, which includes the certification card (PIC) fees. These can then be found within your PADI Pros' Online Account (padi.com/mypadi) in the "Online Processing Center".

3. When you are ready to sell one of these manuals to a student, simply choose one of the codes from the available list and you will then be invited to enter the student's details. An email will be sent to them explaining the next steps they need to take to download the PADI Touch Product onto their Tablet.

4. Once the Student has downloaded their PADI Touch Product they will be able to begin their knowledge development.

5. The student will have unlimited access to this product for life. Any additions/changes/updates to the PADI Touch Product will be available to them in their App Updates.

6. When you are ready to certify the student simply return to the Online Processing Center and select the correct student from the Redeemed list. Many of their details will already be completed for you; complete the rest and process the certification*.

*Do not use PIC Online credits to certify PADI Touch students
